SBGK Attorneys at law and patent attorneys

WHERE ARE WE?

ABOUT US

SBGK

In 1969 three renowned patent attorneys along with a few other prominent attorneys at law established the Patent and Law Office for International Affairs, the legal predecessor of SBGK. SBGK was the first private firm which combined the knowledge of attorneys at law and patent attorneys. Our firm during its more than 50 years operation has been providing outstanding professional services and is still owned by the Hungarian partners, which proves the fact, that SBGK was able to hold its leading position on the Hungarian market over the last half-century within the changing market and new challenges. As Hungary is a member of the EU we can provide EU level services.

Our team

The intellectual resources that SBGK offers its clients reflect the diverse professional backgrounds and industrial experience of our patent and trademark attorneys and lawyers. Our professional staff with more than 20 partners is highly qualified and experienced in a range of fields, including mechanical, electrical and chemical engineering, pharmacology, biotechnology, biochemistry, microbiology and immunology, computer science and information technology, electronics, physics, pharmaceuticals, pure and applied chemistry, and all fields of civil and IP law.

Network

SBGK, as the leading IP law firm in Hungary, offers not only professional services, but also a broad network of international contacts, which includes well-known national and international firms of attorneys at law and patent attorneys, guaranteeing high-quality services. SBGK's attorneys at law and patent attorneys are members of and hold various positions in international IP organisations such as the International Association for the Protection of Intellectual Property, the International Trademark Association, the International Federation of Intellectual Property Attorneys, the European Communities Trademark Association, MARQUES, UNION, the Pharmaceutical Trademarks Group, the Licensing Executives Society International and the Institute of Professional Representatives before the EPO.
